Dear Sir,

I truly hope that I am not making myself a nuisance in your eye sight, but a lover of baseball.

But first I will refresh your memory as to who I am last year Mr. Graess sent me over to talk with you about giving me a try out with your team my name is Willard Fudge my address is 32 Edgecombe ave. apt. 2. N. Y. 30, N. Y. in which you have it already.

You promise me you would drop me a card and let me know whether you'd use me or help me in anyway of getting in contact with some other club, as I told you I had no professional experience with any big league team. I have only played at High School and several Semi-Pro. teams I have practise with the Atlanta Black Crackers but moved to this city before I could get a chance to prove my abilities as a ball player on a professional team.

Sir if you can help me anyway I will appreciate it very much the main thing is if I can get a tryout with some club to prove my ability.

Please inform me by return mail.

Come to Newark
when we return

Thank You Kindly
Willard Fudge
